PROFICIENCY & SKILLS

WORK EXPERIENCE

FREELANCE GAME DEVELOPER (2016 - NOW)

I'm offering game programming services and also selling source codes in AssetStore.

PT. CLOUD HOSTING INDONESIA (APRIL - JULY 2016)

I created a video game for the company as one of marketing strategy to promote the company.

TINKER GAMES (MARCH - JUNE 2015)

I was part of one of company's project to program some mechanics for the game.

EDUCATION

BACHELOR OF INFORMATICS ENGINEERING

Telkom University (2017 - 2019)

I'm continued my degree to learn more knowledge that can improve my skills on computer science, especially for game development.

DIPLOMA OF INFORMATICS ENGINEERING

Telkom University (2014 - 2017)

I'm interested to learn more about game development. I joined Game Development Club and won some game development competitions.

SOFTWARE ENGINEERING

SMK Bakti Idhata (2011 - 2014)

I have strong interest in making websites and won many web design competitions. I also created my first video game during the last semester.
